

Ching is a Speech & Language Therapist who graduated from National University of Malaysia in 2004 with Bachelor of Speech Sciences (Hons). She is a freelance paediatric speech therapist and started her private practice **SpeechVine** (KvK: 5058685) since 2010. She works with the children at the Lighthouse Special Education and children from other international schools in The Hague (eg: HSV, BSN, ISH and ESH). She mainly specializes working with children from preschool age up to school age children (2-10 years old). She has extensive working experience in working with children with Autism Spectrum Disorder, developmental speech apraxia, speech & language delay and Specific Language Impairment (SLI). In 2014, following an increase of children among her case who demonstrated various kinds of feeding difficulties, Ching became trained in SOS (Sequential Oral Sensory) Approach to Feeding program <http://sosapproach-conferences.com>. Together with her physiotherapist/Sensory Integration therapist colleague, Pia Asferg they form a small transdisciplinary team approach to carry out feeding therapy together. Ching also has postgraduate training in PECS (Picture Exchange Communication Systems), PROMPT and is a certified leader of The Hanen Centre's "It takes Two to Talk" and "Target Words" programmes.

Ching is also a member of *Nederlandse Vereniging voor Logopedie en Foniatrie* (A speech & language therapist professional body in Netherlands). She is multilingual and speaks English, Bahasa Malaysia and is conversational fluent in Dutch.

For questions or consultation, Ching can be contacted at: info@speechvine@gmail.com or cpchiang@hsvdenhaag.nl
